

PET World Congress 2009

September 16-17, 2009

Time	Company	Speaker	Topic
September 16th 2009			
09:00 am - 09:30 am	Beverage Innovation awards 2009		Mr Bill Bruce
09:30 am - 10:30 am	Block 1 - PET material worldwide <i>How is the market for PET bottles currently developing? Which beverages have still to be conquered by the PET bottle? What volumes are involved?</i>		
09:30 am - 10:00 am	Pearl Drinks Ltd.	Mr Vijay Walla	PET - Advantages, growth & the future trends in various segments
10:00 am - 10:30 am	Clariant Masterbatches Italia SpA	Mr Ruggero Facchinetti	Topic to be confirmed
10:30 am - 12:00 am	Block 2 - Bottle to bottle recycling - a concept for the future? <i>Food contact compatibility progressing with process consistency. Recycling equipment becoming an off-the-shelf product?</i>		
10:30 am - 11:00 am	Starlinger & Co Gesellschaft m.b.H.	Mrs Elfriede Hell	Food-contact issues for rPET: Approvals (EFSA), process safety and QM
11:00 am - 11:30 am	EREMA Engineering Recycling Maschinen und Anlagen Ges.m.b.H.	Mr Christoph Woess	VACUREMA - The crucial benefit is in the detail
11:30 am - 12:00 am	PTI Recycling Systems LLC	Mr Stephen Hawksworth	Collect, convert and consume locally - the new path for PET recycling
12:00 am - 01:00 pm	Break		
01:00 pm - 02:30 pm	Block 3 - How to optimise preform production - Part one <i>Lightweighting solutions promise advantages in cost saving. The latest developments in this field, and the use of natural resources, will be presented by manufacturers of preform machinery and moulds, and by toolmakers.</i>		
01:00 pm - 01:30 pm	Husky Injection Molding Systems Ltd.	Mr Craig Reynolds	Latest innovations in PET preform moulding
01:30 pm - 02:00 pm	Piovan S.p.A.	Mr Giorgio Santella	Energy efficient solutions for PET Preform production
02:00 pm - 02:30 pm	Cold Jet Europe bvba	Mr Jan Cloots	Innovative cleaning technology for maintaining PET moulds, reducing process costs and improving finished goods quality
02:30 pm - 03:00 pm	Break		
03:00 pm - 04:30 pm	Block 3 - How to optimise preform production - Part two <i>Lightweighting solutions promise advantages in cost saving. The latest developments in this field, and the use of natural resources, will be presented by manufacturers of preform machinery and moulds, and by toolmakers.</i>		
03:00 pm - 03:30 pm	Netstal Maschinen AG	Mr Stefan Bock	Energy saving / cycle time
03:30 pm - 04:00 pm	Colormatrix Group Inc.	Mr Mark Frost	Breaking new ground in PET processing with advanced liquid engineering
04:00 pm - 04:30 pm	Invista	Mr Frank Embs	PolyShield® Resin and OxyClear™ Barrier Resin for Oxygen Sensitive Food Packaging
September 17th 2009			
09:00 am - 10:30 am	Block 4 - Caps & closures, lightweighting for everyone? <i>Compression moulding or injection moulding - which is the better choice for cost effectiveness? Advances in closure making drive cost performance towards sustainability.</i>		
09:00 am - 09:30 am	Sacmi Imola S.C.	Mr Luca Nanetti	Caps & closures and latest
09:30 am - 10:00 am	CCT-Creative Closure Technology GmbH	Mr Alexander Schmitz	Innovative, cost-efficient, future-oriented for the customer
10:00 am - 10:30 am	Bericap GmbH & Co. KG	Mr Thomas Henkel	Bericap - Committed to sustainable packaging
10:30 am - 12:00 am	Block 5 - Preform to bottle - what else? - Part 1 <i>Presentations will cover new machinery, moulds, processes and other developments for the stretch blow moulding process.</i>		
10:30 am - 11:00 am	Sacmi Imola S.C.	Mr Marco Savorani	Preform compression moulding & stretch blow moulding: a flexible and energy saving way from pellet to bottle
11:00 am - 11:30 am	Air Logic Power Systems LLC (ALPS)	Mr Scott Heins	NexGen Rotary Leak Inspection System for high speed PET markets
11:30 am - 12:00 am	Krones AG	Jochen Hirdina	Nitrohotfill - New solution for hotfill applications
12:00 am - 01:00 pm	Break		
01:00 pm - 02:30 pm	Block 5 - Preform to bottle - what else? - Part 2 <i>Presentations will cover new machinery, moulds, processes and other developments for the stretch blow moulding process.</i>		
01:00 pm - 01:30 pm	Krones AG	Mr Alexander Kaiser	PET-lite 6.6 - Ready for supermarket
01:30 pm - 02:00 pm	Sidel S.A.S.	Mr Luc Desoutter	New eco services to enhance PET solutions performance
02:00 pm - 02:30 pm	SIAPI Srl	Mrs Lucia Comper	Blowers for large PET containers replacing polycarbonate and HDPE
02:30 pm - 04:00 pm	Block 6 - Preform and bottle suppliers <i>PET conversion and technology advances differentiate preform and bottles supply solutions in a highly competitive market environment</i>		
02:30 pm - 03:00 pm	Resilux NV	Mr Philippe Blonda	The challenge of bringing added value into the PET preform supply scheme
03:00 pm - 03:30 pm	Artenius PET Packaging	Mr Laurent Degroote	Topic to be confirmed
03:30 pm - 04:00 pm	Plastic Technologies, Inc.	Mr Frank Semersky	New opportunities and developments in foam technology
04:00 pm - 04:30 pm	Break		
04:30 pm - 05:00 pm	Block 7 - Beer and wine being filled in PET: The mass market potential <i>The latest developments in the manufacture and filling of PET beer bottles will be presented. State-of-the-art filling and packaging developments in the brewery sector as well as future trends will be introduced and opened up for discussion.</i>		
04:00 pm - 04:30 pm	Gruppo Mossi & Ghisolfi	Speaker to be confirmed	Polprotect: Our new barrier solution for sensitive beverages
04:30 pm - 05:00 pm	KHS Plasmax	Mr Andreas Klages	Topic to be confirmed
